### Personal Projects

#### DawnOps

[https://github.com/Knevels1/Dawn\\_Ops](https://github.com/Knevels1/Dawn_Ops)

DawnOps is a dashboard for people to view content such as Videos, Bio, Games. Along with being able to chat on the site.

- Single page React application
- Utilizes Json-Server for data persistence
- Utilizes React-player

### Group Projects

#### Nutshell

<https://github.com/nss-day-cohort-44/nutshell-thicket-hydras>

Nutshell is a dashboard for people to organize their daily tasks, events, news articles, friends, and chat messages all in one convenient place.

- Primarily responsible for building events, task, and news article
- Involved in all of planning (wire-frame and entity relationship diagram)
- pair-programming on everything not primarily responsible for
- HTML/CSS/JavaScript

### Education

#### Nashville Software School

Software Development  
Bootcamp - Certificate

### SKILLS

HTML, CSS, Javascript, React, Django, Python

### Technical Experience

#### Software Developer/ Apprentice {Sep 2020 - Mar 2021} Nashville Software School

I took their 6-month Bootcamp on web development and design. I learned a basic understanding of all the skills listed above.

- Single-page application development with React and with a focus on modern ES6+ JavaScript features and modular code
- Individual and group projects utilizing Git and Github
- Project management with issue tickets
- Database planning by building ERD(entity relationship data) to define relationships
- Server/test driven development with Python, Django

### Professional Experience

#### Indirect Fire Infantryman {2017-2020}

U.S ARMY

Indirect Fire Infantryman, is a member of a mortar squad, section or platoon. The mortar is an infantry unit's most powerful weapon.

- Led, instructed, and guided 2 squad members on a daily basis, improving their knowledge and building their skills.
- Implemented, and maintained communications for my whole Company of 100+ personnel.
- Planned, Coordinated, Carried out operations set for my squad so that we were most effective on the battlefield.
- Accounted for over \$800,000 worth of personal equipment along with communication equipment.
- Had to get and maintain a Secret level Clearance (now expired) while in charge of communications for my company.
